

WELL GROUP OF INDUSTRIES

In 1971 The young Bangladesh republic was starting to come out from the turmoil of the liberation war in 1971.

Despite it's great economic difficulties Bangladesh began to develop in all areas, specially in textile sector. It was for the growing domestic demand for sewing thread that **Mr. Abdus Salam** and late **Prof. Nurul Bari Chowdhury** founded "**BANGLADESH THREAD INDUSTRIES (BTI)**" in a small in a small workshop in the port city Chittagong. This was the birth of today's "WELL GROUP" now a leading industrial group in Bangladesh.

From our humble beginning, just over two decades ago Mr. Abdus Salam managed the steady growth of his company. Twenty years after our foundation in 1973, BTI moved to it's present location in BSCIC Industrial Estate, Kalurghat, Chittagong, under the banner of **WELL GROUP**. It was here that the foundation were laid for our present day thoroughly modern and integrated production facilities for industrial Sewing and Embroidery thread, Dyed Yarn & Ready Made Garments under one complex.

Over 10,000 (Ten Thousand) people are employed in **WELL GROUP'S** integrated production units, which operates over 500,000 SQFT of indoor facilities.

WINGS of WELL GROUP

- THREAD
- CARTON, POLY & HANGER
- DYED YARN
- FOODS

- * READYMADE GARMENTS
- * Washing
- * Real Estate

CERTIFICATE

Well Group is an **ISO 9001 : 2000** certified company for overall Management, WRAP Certified for compliance and all products are **OEKO-TEX Certified**.

GROWTH

The recent growth rate of **WELL GROUP** is over 25% and such growth in this competitive market is the out come of consistent combination of high quality of products and services as well as top quality marketing efforts.

Company Status

Private Limited Company.

CARTON, POLY & HANGER

The dynamic revolution of business demands a commitment to quality innovation, just in time and flexibility to meet the divers and ever changing needs of customers well group has been introducing it's new wings products Carton, Poly & Hanger.

Factory Location o o o o o

Well Accessories Ltd.
Vill: Baniarchala, Po: Bagher Bazzar
Union: Mirzapur, Thana: Gazipur
District: Gazipur, Bangladesh

We Work For o o o o o

We have the experience to work for Primark, Walmart, TESCO, C&A, GEORGE, PVH, Wal-Mart, Wintime, K- Mart, Carre-four, SEARS, Aeropostal, Khapphi & so on....

VISION o o o o o

Well Accessories aim to have a wide market network, catching in developed and developing markets, adding strengthen value to run business with new excellency, adapting the innovation in the industry, staying a head in dealing with change, creating new values, contributing broadly to society and to grow as the leading marketing company. Ensuring the highest standard quality for the product, by providing excellent service is our mission.

WE ARE COMMITTED TO o o o o o

Our Quality and Service can make you confident.

Our mission can meet your need with the global quality.

Outstanding customer service, exceptional quality and unsurpassed flexibility form are the foundation of our entire manufacturing process. We listen to your needs, develop cost-effective solutions and handle production expediently so that you get the package as and when you want. Each department in our company and every aspect of production are structured to facilitate prompt response.

Our professional sales and design team utilizes extensive industry experience to provide successful solutions, quickly and efficiently. We closely monitor quality during each step of the manufacturing process, from receipt of raw materials to final delivery. The long term relationships we maintain with key suppliers ensure swift and attentive support.

We continually upgrade our facilities with latest equipment and state-of-the-art production techniques in order to improve quality and reduce turnaround time. No order is too large or too small. We can handle orders of any quantity with minimum lead time. Our company owned truck fleet will deliver whenever your schedule requires.

POLY BAG

The most concern of our company is to produce high quality product and meet customers' requests. To serve our valuable customers, we would be completing the industry production quality with the process of modern world class equipment.

Well Accessories is a poly bag manufacturer that offers a diverse array of products and services to our customers. We deliver on time, on specification and on competitive price. We simply do what we say that we will do.

Our customers are extremely important to us, and we treat them with the respect they deserve. We believe that without loyal, satisfied customers, we could not continue to expand our services.

All machinery are produced and supplied by companies with Taiwan Origin.

Poly bag Machine o o o o o

Kpp-65 high speed pp inflation machine
PP flim Extruding Machine with rotary die
Kml-65 high speed LDPE / LLDPE / HDPE inflation machine
HJ-HS6001six(6)colour high-speed flexographic printing machine
HJ-2001two (2) colour flexographic printing machine
LY-800s side sealing & cutting machine

LY-1600T triangle folding maching
Heat sealer for hook attachment
Plastic Recycling Machine

EXTRUSION ○ ○ ○ ○ ○

- 2 Nos. Extruder/Blowing machine of PP (Poly Propylene) with a capacity of producing 50 kgs/hour/machine.
- 1 No. Extruder/Blowing machine of PE (Poly Ethylene) with a capacity of producing 60 kgs/hour/machine.

PRINTING ○ ○ ○ ○ ○

- 2 Nos. Flexo- printing machine, capable of printing 4 & 6 colours poly bags.
- 1 No. Rotogravure 8 colors printing machine.

BAG MAKING ○ ○ ○ ○ ○

- 2 Nos. Bottom sealing machines with hanger cutting provision.
- 2 Nos. Side-Sealing machines (can produce Gaussets, Pillows, Flaps, Air holes and Adhesive Tape fixing).

AUXILIARY MACHINES ○ ○ ○ ○ ○

- 1 No. Projector machine.
- 1 No. Block making machine.
- 6 Nos. Ploy-hook fixing machines.
- 1 No. Folding machine for centre printing in Gaussets and for OPP bags.
- 1 No. Injection Molding machine for making poly hooks & shirt hangers.

PRODUCTION CAPACITY ○ ○ ○ ○ ○

- PP & PE Poly bags of multi color prints : 2 ton per day

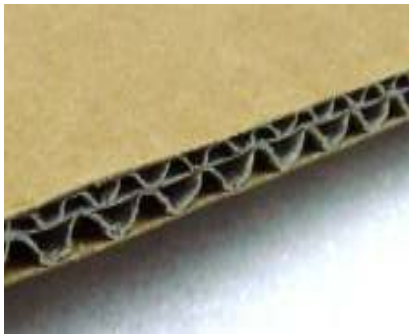

CARTON

With two corrugated board making machines (One is Five Ply Automatic and another is Single facer) in over 60,000 sq. fit of production area Well Accessories Ltd. is well equipped to fulfill all of your packaging requirements. By means of the flexibility to comply orders of all sizes and to consistently provides our customers superior products, outstanding customer service and the quickest turnaround in the industry. Our customers have ever expanding and evolving packaging requirements, so we are always ready to provide innovative ways to quickly meet their needs. We offer a wide range of packaging solutions and services, including packaging design, professional testing, just-in-time and stocking programs, all styles and types of corrugated packaging and prompt delivery by our company-owned fleet of trucks.

All machinery for production of Carton are manufactured and supplied by the companies of Taiwan and German Origin.

ISO-9001: 2000

DETAIL DESCRIPTIONS OF MACHINERY ○ ○ ○ ○ ○

1. Fully Automatic 5ply paper / Corrugated Board (Sheet) Making Plant- Heating by Steam A.C. Variable Speed Drive Max. Speed 50/60 Mtrs/Minute
2. Automatic Printing- Creasing-Slotting Machine.
Auto Kicker Feeding for Corrugated Sheet (Board)(Speed App. 3000 sheets Per Hour) Printing By Rubber/Polymer Stero, Flexo Process(Three Colour) Size: 84' X 48".
3. Auto Side Flap Gluing Machine with Auto Rising Table- Squaring Arrangement Conveyor with Crocodile Belts Complete
4. Platen Punching Machine, Suitable for Die Cutting, Fitted With Electro Magnetic Clutch-Dual Timer System.
 - A. Box Stitching Machine Model Angular
 - B. Rottary Roll to sheet cutter to cut paper
 - C. Corrugated Pasting(Gluing) Machine
 - D. Four Bar Rotary Creasing & Cutting Machine.
 - E. Eccentric Slotting Machine(3 Slotting & 1 Corner Cutting Knife Heads)
 - F. Fully Automatic Stacking Unit after Single/Two/Three Color Printing & Creasing Slotting Unit to ensure high efficiency and quality pf printer (5ply / 3ply) equipped with safer features and economic design
 - G. BOX STRAPPING MACHINGE
 - H. Suction unit to be placed online slitting machine to collect 3/5ply slit waste & carry 10 meters 4 way
5. Single Facer Paper Corrugation Machine Also.

DESIGN/ARTWORK ○ ○ ○ ○ ○

Computerized system to develop artwork of different items.

FINISHING ○ ○ ○ ○ ○

The young Bangladesh Republic was starting to come out from the turmoil of the Liberation War in 1971.

Despite its great economic difficulties Bangladesh began to develop in all areas, specially in textile sector. It was for the growing domestic demand for sewing thread that **Mr. Abdus Salam** and late **Prof. Nurul Bari Chowdhury** founded "**BANGLADESH THREAD INDUSTRIES (BTI)**" in a small workshop in the port city Chittagong. This was the birth of today's "**WELL GROUP**" now a leading industrial group in Bangladesh.

From our humble beginning, just over two decades ago Mr. Abdus Salam managed the steady growth of his company. Twenty years after our foundation in 1973, BTI moved to its present location in BSCIC Industrial Estate, Kalurghat, Chittagong under the banner of **WELL GROUP**. It was here that the foundation was laid for our present day thoroughly modern and with integrated production facilities for industrial Sewing and Embroidery Thread (Spinning-Twisting-Dyeing and Finishing) Dyed Yarn & Ready Made Garments under one complex.

Over 15,000 (Fifteen Thousand) people are employed in **WELL GROUP's** integrated production units, which operates over 600,000 sft. of indoor facilities.

Above all, Well Group is going to extend her efforts to health care industry. Well Care Hospital Limited will take place in 2012.

WELL GROUP has total 5 MW in-house power generating facility which ensures the uninterrupted production.

Syed Nurul Islam

Our country Bangladesh is a land of immense prospect and possibility. Abundance of its natural resource and skilled manpower is a blessing from the Almighty. But challenge for us is to transform possibilities into reality.

Establishment of "**Well Group**" is sincere and bold step to meet the challenge for the well-being of the Nation and the Country. From the 1st day of establishment, we have been going ahead with steady and sure steps to progress. It is, of course up-hill task. Despite all constraints, we never looked behind. Our focus is to reach pre-fixed target for achieving highest peak of success.

Over the years, with hard work, "**Well Group**" now consists of following concerns, employing about 15000 officers and workers.

- ❑ Sanzi Textile Mills Ltd.
- ❑ Well Fashion Ltd.
- ❑ Well Fashion (Unit-2)
- ❑ Well Designers Ltd.
- ❑ Well Dresses Ltd.
- ❑ Well Mart Ltd. (Textile Division)
- ❑ Well Mart (Unit-2)

- ❑ Well Designers Ltd. (Washing Unit)
- ❑ Well Accessories Ltd.
- ❑ Jam Thread Ltd.
- ❑ Well Foods Ltd.
- ❑ Well Food & Beverage Co. Ltd.
- ❑ Padma Wears Ltd.
- ❑ Well Trade

Nevertheless, this proud success is not the contribution of any single person. The founders and the pioneers paved the way. The score of officers and workers joined their hands to place Well Group on strong foundation. I take this opportunity to extend my thanks and gratitude to them.

It is my firm belief that with the cooperation of all we shall scale more peak of success in the days to come. We express our solidarity with the Vision 2020 of development of our great leader and Honorable Prime Minister Sheikh Hasina. Let the Almighty be kind to our endeavour.
